

The
Century
of
Progress

Betty Buller

There are actually hundreds of remembrances I
could mention but I had better not. I wouldn't
want to mess up the rest of your letter too.
I certainly hope that the wife not be the last
of our friendships. I have enjoyed knowing you, and
I missed my girl very bad when I think that I
may never see you again on this earth.
I know we shall meet again.
(con). Just remember, that if we never see each other
again on this earth, I know we shall meet again.
Betty Buller

Remember in the time we walked half way to the beach, just for adventure. Now Robinsons are really good. —!! (kind of had me now)
Then we remember all the time we waited just toward and toward... Talking!! We could have accomplished sooooo much homework in that wasted time.

P.S. When you are in the jungles of Africa, make certain that you both believe the bushes are trees, for who knows, it may be true. These give up your second demand, although it may not be in the native gab, it may just be a misunderstanding too. We may meet ^{you} on our jungle path in that huge country. Don't shake or scream, for it will be our jungle treat. It will just be your old foe from S. C. C. — Gordon MacCall.

1953

Dear Beller 'ol' Kid "ol' " Kid,

I must be very careful to
write something very sweet to you. If
I don't write it now I never will
because I am such a stinker when
letters are concerned. ~

Perhaps we ought to turn back the pages of time just this once, for we really have had fun together. LP have

had fun with you, any way.) Remember
when we were both Africans in the 20's. You
of all people too. -- blond hair and blue eyes
I shall never forget those big blue eyes
I got away from. -- I got a big black woman.

DEDICATION

"Steal away softly to Jesus..."

Her life has been one of love and devotion to the task for which she has been chosen by God. Genteelness, sincerity, understanding, and willingness to go out of her way to help those in need, demonstrate her love for Christ and for her students. In quietness and humbleness she found her strength in God. And because she has helped us to find this place also, we gratefully and appreciatively dedicate the Hae Graphae of 1953 to MISS MARGUERITE HAWLEY.

THE VISION

SOUTHERN CALIFORNIA BIBLE SCHOOL

2000 S. GILBERT STREET - LOS ANGELES (CALIFORNIA)

ADMINISTRATION

THE PRESIDENT

It is with great difficulty that we choose the areas in which our President excels, for his life, like that of Christ's, is one of consistency and superiority in all fields of service. We love him, deeply appreciate his understanding spirit and his endeavor to provide the best training possible to make us effective workers for God. And so we salute you, our leader and our friend, Dr. Irvine J. Harrison.

During the past quarter century our "Mother" Olson has been to the school a source of real inspiration, and has maintained a serenity that comes only from living daily in the presence of the Lord.

IN MEMORIAM

HAROLD K. NEEDHAM

1886-1952

As founder of the Southern California Bible School in 1920, Harold K. Needham began classes in his own home. A personal interest in each student was his main objective. To fulfill this purpose, he gave of his energy, strength, money and time in the development of the school to produce consecrated Christian leaders. He dedicated his life to this task and spent long hours at work and in prayer. After many years of service for God, he was taken to his eternal rest in March, 1952.

Invincibles

We, the class of '53, leave S.C.B.C. with glad hearts mellowed by an indefinable feeling of regret. Four years have made us a more mature and enlightened group. The presence of the Lord in the class room, dorm life, outings, as well as chapel time, plus the friends made and the fellowship enjoyed will always remain vivid in our memories. We now step forward confidently into the Master's Service, signifying the class being worthy of the name "Invincibles." "I can do all things through Christ which strengtheneth me." Eddie Griffith

Down in the valley

Dear Betty,

It seems impossible that our first year of college has come and has gone. It has really been swell having you as a roommate.

I remember the night of the first fire drill? What an experience that was.

What am I going to do this summer when it comes my (take & bring)? I bet you are wondering if I will even begin to use correct English!

But to be a little more serious, I have had a swell time at college this year, and you have helped to make it so enjoyable.

May God richly bless you and give you the desires of your heart. Maybe ^{even} 6 ft. 2" eyes of blue and a trumpet too.

Thanks for being so patient with me at all times.

Lots of Love & Prayers,

*"Your Roommate"

STUDENT ACTIVITIES

Dear Betty -
 South at number
 of the student showed
 us a little of their love
 & appreciation. There have been
 times this year that we have
 wondered if it has been worth
 the hours of time, prayer, & sometimes
 tears that the students have required of
 us. But then as we sit back & watch each
 day as they grow like you that have
 helped in the hard times, always steady & true.
 May God always bless you. *is our prayer.*

Dear Betty:

It's been nice knowing you this year. May God bless you in the future. Patsy Masters

Into every successful activity of this school year at S. C. B. C. have gone hours of preparation, prayer and perspiration to make them the success they were. In order that these hours of labor may not have been in vain and that we might keep for ever the memories of these happy moments, they have been recorded in picture.

For the opportunity of serving S. C. B. C. as editor of this annual, my deepest thanks goes first to you the students. Also I am greatly indebted to all those who have helped in making this publication a reality. To Ruth Mattia for her very able assistance in organization, write-ups, and securing of facts. To Roberts Studio for portraits and group shots. To Don Evans for the many hours spent in not only taking picture but following their processing through to the finished picture. To Mr. and Mrs. Evans for their open home for several weekends. To the S. K. Smith Company for the cover. To David Jenkins for his faithfulness as business manager, to Shirley Book for typing of copy and letters, to Ralph Cornell for the making of the dummy pages, to Pete Knowles for first-hand information and his words of encouragement when needed most, to Barbara DaVall and Patsy Pahl for their drawings, and the many others who have had a part in the construction of this book. And then of course to the Advertising Production Service for taking the responsibility of organizing the loose material and in turn presenting us with the finished product—our 1953 Hae Graphae.

Irving Ford

Dear Betty,

This year has certainly gone by fast, but we have many pleasant memories of our freshman year together.

The Lord has been good to us and I know He will continue to bless and guide you in the future. Love, Lore

Dear Betty,

What a year! I have been a grand year and one never forgets. We laughed together, you and I cried together, and you has brought us all of it all, I should say that's it all. I'll always remember you as one of my dear friends. Oh Betty, you are a deep soul. What spirit you were coming back with year!

Love
you and
the Lord
that we shall never forget
at SCBC. wouldn't it be
a wonderful year? I know
we have had here
life.

Sally of Love,
Archie
Feb. 23:10

Dear Betty,
It's a jump kind of and especially when you think of a school year back into what you think will miss you. It's really you go forward and lead you on. Bye Betty

Dear Betty,
Remember me whenever you are writing. It has been fun making letters with you and I seem to get into it sometimes. How I'll never know! May the Lord richly bless you in the things I wouldn't do. Remember, don't do any-
Love always,
\$20.00
P. 31:24

May, 1952

Dear Betty,

I have certainly enjoyed your friendship this past year. I hope you will be able to forget the burnt finger you acquired at my house. I shall never forget this year. I pray that the Lord will bless and prosper you in the service he chooses for you.

Love, Ellen Mae

Dear Betty,

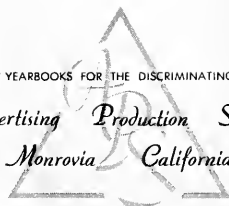

Will you ever forget the night when we blacked up for the missionary banquet? I sure won't. But really it was fun while it lasted. We got our share of attention by becoming Africans for one night. But one night wasn't enough for me. I also blacked up for the booth on open-house. But I guess that can be expected of an African prayer band member. The next time I think I'll join home missions so I can stay my natural color. How about you? It's really been nice knowing you Betty, + I pray that God will have his perfect will in your life.

Love, Vivian Taylor

Dear Betty,
As a shopping partner
you take the cake for
patience and durability.
Follow through with
those characteristics
and you're sure to be
O.K. I'll miss your
tolerant smile your
year but since you're
a true blue northern
our paths will probably
cross - at least let's try
and make them cross.
God bless you,
Lore
